Learning Objectives

MedBridge
Modalities and Physical Agents for the Rehabilitation Professional: Part 1
Andrew J. Opett, PT, DPT, OCS

Course Objectives:

Upon completion of this course, learners will be able to:

- Describe the physical properties of and physiologic responses to thermal agents, hydrotherapy, traction, and compression
- Discuss how physiologic properties of thermal agents, hydrotherapy, traction, and compression can be used to achieve therapeutic goals
- Identify the indications, contraindications, and precautions to the use of thermal agents, hydrotherapy, traction, and compression
