## Course Objectives

MedBridge

*Functional Assessment and Clinical Decision Making*

Kenneth L Miller, PT, DPT, MA, GCS, CEEAA

### Course Objectives:

Upon completion of this course, learners will be able to:

- List functional assessment tools used to identify physical, cognitive and mobility impairments.
- Illustrate how to integrate the data obtained from the functional assessment tools into the clinical decision making process.
- Formulate an appropriate care plan based on the examination results.
