Orthopedic Case Studies of the Lumbar Spine

Eric Robertson, PT, DPT, OCS, FAAOMPT

Jodi Young, PT, DPT, OCS, FAAOMPT

Course Objectives:

Upon completion of this course, learners will be able to:

- Apply evidence for management of lumbar radiculopathy to a case problem
- Identify key issues related to the management of patients with lumbar radiculopathy
- Extrapolate findings from a physical examination to select appropriate interventions
- Integrate evidence about low back pain epidemiology into a case problem
- Evaluate several hypotheses for a case problem as part of a differential diagnostic process for patients with acute low back pain.
