Using Your Local Children's Museum for Therapy

Ingrid M. Kanics, MOT, OTR/L, FAOTA

Course Objectives:

- Define why therapy should be happen in a child-centered environment like a children's museum.
- Establish a relationship with a local children's museum that will allow the therapist and their clients to work together on therapy goals at the museum.
- Illustrate specific treatment ideas as they relate to different ages and diagnoses in different areas of a children's museum.
