Strength-Based Interventions Using the Model of Human Occupation

Jane O'Brien, PhD, OTR/L, FAOTA

Course Objectives:

Upon completion of this course, learners will be able to:

- Explain how MOHO promotes a strength-based approach for children and their families.
- Apply principles of MOHO to occupational therapy evaluation, intervention, and outcomes measurement for children and youth.
- Identify strategies for implementing a strength-based approach in practice with children and youth.
