Pediatric Aquatic Evidence-Based Practice
Kiki Dickinson, MPT, PAqI

Course Objectives:

Upon completion of this course, learners will be able to:

- Describe the conclusion of one research study for at least two of the diagnoses discussed
- Discuss if the current evidence-based research supports aquatic therapy as a successful treatment approach for physical therapy in the pediatric population
- List at least three ways that the current evidence-based research can positively impact a clinician's treatment focus for one of the diagnoses discussed
