Navigating the Requirements of Special Education Eligibility

Lissa Power-deFur, PhD, CCC-SLP, ASHA-F

Perry Flynn, M.Ed., CCC-SLP

Course Objectives:

- Discuss the criteria for special education and related services eligibility determination.
- Identify how the focus on special education eligibility varies from that of a speech-language pathologists' diagnosis of a communication disorder.
- Identify data sources for a comprehensive speech-language assessment that supports eligibility decision-making related to academic and functional performance.
- Explain multiple uses of a comprehensive speech-language assessment.
- Discuss approaches for resolving eligibility dilemmas for the success of children with speech-language impairments.
- Discuss approaches for resolving challenges related to dismissal from eligibility.
