Recorded Webinar: The “How-To” of Teaching Patients about Pain

Adriaan Louw, PT, PhD, CSMT

Course Objectives:

Upon completion of this course, learners will be able to:

- Develop a greater understanding of the content and delivery methods of PNE
- Develop a greater understanding of why PNE is needed and why it provides superior results compared to biomedical education
- Develop strategies to educate patients regarding various aspects of pain
- Combine PNE with movement-based approaches to practice that is in line with current best-evidence for treating pain, especially chronic pain
- Apply the information from the webinar into clinical practice
