

## **Learning Objectives**

MedBridge

*Engaging Persons with Aphasia in Community Resources*

Jacqueline Hinckley, Ph.D., CCC-SLP

Janet Patterson, Ph.D., CCC-SLP

### **Course Objectives:**

1. Describe at least three key pieces of evidence demonstrating the value of group membership for PWA.
2. Identify at least five challenges PWA and caregivers may face in deciding to join a community group.
3. Identify at least one element for each type of group listed in Chapter 1; state how each could pose a challenge for a PWA; and pose a remedy.
4. List potential needs a PWA might have in order to be a successful group member, defined according to the PWA's wishes.
5. Create a hierarchy of intervention activities for an example PWA and describe how those activities would be addressed in treatment.
6. Identify mismatches between PWA and family or caregiver needs and abilities to support group membership.
