Adults With Dysphagia: Case Studies for Interactive Problem-Solving (Recorded Webinar)

Michael Groher, PhD, F-ASHA, Honors ASHA

Course Objectives

Upon completion of this course, learners will be able to

- Apply the most relevant aspects from a medical history related to the patient's dysphagia complaint
- Formulate a diagnostic hypothesis based on the clinical and laboratory data
- Utilize a more organized approach to how one makes step-by-step clinical decisions
- Integrate a medical history and diagnostic information into a treatment plan
