Pediatric Palliative Care and Hospice: Communication and Self-Care

Joan “Jody” Chrastek, RN, CHPN, DNP, FPCN

Course Objectives

Upon completion of this course, learners will be able to

- Analyze anticipatory, uncomplicated, complicated, and disenfranchised grief as it relates to families and caregivers of pediatric patients
- Examine three communication techniques to use when talking with children about death
- Devise strategies to assist grieving families
- Discuss three common tasks of grief and factors that may significantly affect the grieving process
- Create a personalized self-care plan
