## Learning Objectives

MedBridge

*Preoperative Pain Neuroscience Education for Lumbar Surgery*

Adriaan Louw, PT, PhD

### Course Objectives

Upon completion of this course, learners will be able to

- Recognize the various results and outcomes of a preoperative pain neuroscience education program for lumbar surgery
- Identify how the preoperative pain neuroscience educational program yielded powerful long-term behavioral changes for lumbar surgery
- Recognize methods of applying preoperative pain neuroscience education to patient care prior to lumbar surgery
- Recognize how the preoperative pain neuroscience educational program outcomes can be applied to healthcare practice
