# Learning Objectives

MedBridge  
*Advanced Ankle and Foot Rehabilitation*  
Jeffrey Fernandez, PT, DPT, OCS

## Course Objectives

Upon completion of this course, learners will be able to

- Determine characteristics unique to the pediatric foot/ankle
- Distinguish orthopedic conditions specific to the pediatric foot/ankle
- Apply examination techniques in the assessment of a pediatric patient with an injury to the ankle/foot
- Analyze examination results to facilitate the prescription of interventions
- Prepare a battery of tests to determine return-to-sport readiness for the pediatric patient following an ankle/foot injury
