# Learning Objectives

MedBridge  
*Introduction to Pain Neuroscience Education*  
Adriaan Louw, PT, PhD

## Course Objectives

Upon completion of this course, learners will be able to

- Recognize the growing evidence for pain neuroscience education for persistent pain
- Recall how pain neuroscience education is now being trialed and used in acute and sub-acute pain states
- Identify preemptive pain neuroscience education strategies
- Identify various strategies on implementing and using pain neuroscience education in clinical practice
