Discharges and Readmissions: Advancing Effective Coordination of Care

Nancy Skinner, RN, CCM, CMGT-RN, ACM-RN, CMCN, FCM

Colleen Morley, DNP, RN, CCM, CMAC, CMCN, ACM-RN

Course Objectives

Upon completion of this course, learners will be able to

- Determine transitional care gaps that may compromise an ability to consistently provide integrated patient-centered care as the patient moves through the healthcare continuum
- Categorize the roles of both a sender and receiver as the patient transitions from one setting of care to another
- Distinguish common barriers that may compromise patient engagement throughout the transitional care process
- Determine best practices and strategies that support effective and efficient transitional care
- Analyze a patient journey from acute to post-acute with a specific focus on care continuity and community reintegration
