Learning Objectives

MedBridge

*Feeding and Swallowing Assessment and Management for Infants With CHD*

Hema Desai, MS, CCC-SLP, BCS-S, CLEC, NTMTC

**Course Objectives**

Upon completion of this course, learners will be able to

- Identify key components of a feeding and swallowing assessment for an infant with CHD
- Determine three strategies to manage and treat feeding and swallowing difficulties in infants with CHD
- Identify the importance of multidisciplinary care to improve oral feeding outcomes in children with CHD upon hospital discharge
