## Learning Objectives

MedBridge

*Population Health Management: A New Framework for Rehab Organizations (Recorded  
Webinar)*

Todd Davenport, PT, DPT, MPH, OCS

### Course Objectives

Upon completion of this course, learners will be able to

- Differentiate between medical care and population healthcare
- Discuss structural determinants of health, health outcomes, and medical care
- Compare and contrast population-level social determinants and individual-level social needs
- Identify key resources for population-level social determinants assessment and individual-level social needs screening
- Formulate specific organizational strategies and business practices to ensure inclusion for vulnerable and underrepresented populations
