## Learning Objectives

MedBridge

*Conducting Adult Clinical Swallowing Examinations via Telehealth*

Dr. Clare Burns, BSpPath, PhD, CPSP

Professor Elizabeth (Liz) Ward, BSpThy(Hons) Grad Cert Ed, PhD, FSPAA

### Course Objectives

Upon completion of this course, learners will be able to

- Interpret the context and drivers for using telehealth to administer dysphagia management
- State awareness of the evidence for different models used to deliver dysphagia services via telehealth
- Recognize the key elements needed to optimize and safely conduct a clinical swallow examination (CSE) via telehealth
- Recognize key elements necessary to prepare and engage the patient and the support person in this model
- Adapt the model of delivering CSEs via telehealth to meet different service contexts (e.g., critical care, outpatient models, home monitoring)
