MedBridge

Videofluoroscopy Part 7: Using Videofluoroscopy for Treatment Planning

Catriona Steele, PhD, CCC-SLP, S-LP(C), Reg. CASLPO, ASHA Fellow

Upon completion of this course, learners will be able to

- Differentiate compensatory maneuvers and rehabilitative interventions for dysphagia
- Predict changes that can be expected in swallowing safety and efficiency with the use of thickened liquids
- Predict changes that can be expected in swallowing safety and efficiency with use of the chin-down posture
- Predict changes that can be expected in swallowing safety and efficiency with use of the effortful swallow
