

Learning Objectives

MedBridge
The Other Fluency Disorder: Treatment of Cluttering
Claire Barbao, MA, CCC-SLP

Upon completion of this course, learners will be able to

- Construct functional goals and treatment plans for treatment of individuals who clutter
- Implement considerations and treatment plans for individuals who demonstrate both cluttering and stuttering
- Execute specific treatment approaches and strategies for providing therapy to individuals who clutter
- Determine functional activities for application of treatment approaches and strategies to support long-term progress for individuals who clutter
